

City Government Client Testimonials

Success Stories Straight from Our Customers

Espy Services has added millions of dollars back to the budgets of cities throughout the United States every year.

"Now that we have completed our second engagement with Espy Services, I wanted to send a note of thanks for another great experience. After only two short years, your team found additional savings for Garden City and, as before, the audit took very little of our own time...Thanks again for your time and effort on our behalf."

-Finance Director: Garden City, KS

"Our city's monthly telecom expenses were reduced by approximately 24%. This was essentially 'found money' for the city."

-City Manager: City of Suwanee, GA

"Espy Services had no hidden agenda (i.e. hidden costs or sales) and performed the service as initially presented."

-City Treasurer: City of Carrollton, IL

"I have had the opportunity to work with Espy Services on two separate occasions, with different Municipalities and I have been very satisfied with the work product. Both of the audits were completed in a very timely manner and the City of Shelby was able to recover credits as well as save money on future spending. It took very little time for the staff to provide the necessary information and it was definitely worth the benefit received."

-Director of Finance: City of Shelby, NC

"We learned that it is one thing to see what we pay but something else to learn what we should be paying. I was pleased that Espy Services did all the work and was able to provide our city savings as well as credits."

-Admin. Services Manager: City of Apopka, FL

"Espy was able to recover some past overcharges as well as remove those issues so that we were not being overcharged in the future. I found Espy Services to be very effective in communicating with us, professional in the work done and (just as you said) no additional work on either me or any of our staff."

-Treasurer: City of Camden, AR

"It is a welcomed outcome when a company meets the expectations set by the people introducing the company."

-Mayor: City of Monticello, IN

"The City of Bedford has worked closely with Espy Services...on a variety of projects. The first consisted of conducting a historical audit of the city's telecommunications invoices...which in the end resulted in several large credits being issued to the city...Another phase...assisting the city reconfigure its emergency telecom services which not only saved Bedford an immense amount of money, but also provided for a far more advanced and functional technology. Lastly, [Espy has been] extremely instrumental in negotiating a new agreement with the city's existing carrier for a much more cost effective contract... Espy Services was an unbelievable help to our city and could very possibly put money in your treasury too."

-Mayor: City of Bedford, IN

The Bottom Line

All fees for Espy Services' work are contingency-based with no up-front, administrative or processing fees. The financial value we create for your city supports our payment...eliminating any financial risk. This approach and unique process have made many happy customers. Our current Google Review rating of 4.7 stars is a reflection of the incredible relationships we have built with our clients...**Call us to find out more!**
