

Telecom Special Projects

Your Reinforcements When Your Team Needs Help

Your department not only has to deal with their day-to-day tasks, but they also have to try and squeeze in all of the long-term initiatives to support company growth. Everyone is wondering, "How are we going to get all of this done?"

Your boss just asked you to review all of your telecom contracts and terms for a renegotiation with your vendors to cut 15% of your costs.

What do you do?

UNBIASED SUPPORT

Espy Services receives no compensation from telecom vendors, so we can avoid vendor biased upgrades, terms and pricing. We will fight for you to get the best deal no matter what project we take on for your business.

MARKET KNOWLEDGE

We know what vendors offer other companies. You will never know if you truly got the best services and terms for the price because you really have nothing to compare it to. We do.

EXPERTISE

Whether it's technology reviews, vendor assessments, needs analysis, RFPs or contract negotiations, Espy Services has the industry background to make it happen. Let's talk about what you truly need.
