Healthcare Connect Fund

RFP-2024

PMMA

Presbyterian
Manors Of
Mid-America®

1. Statement of Purpose

- a. Established by the Federal Communications Commission's ("FCC") Report and Order released December 21, 2012 (FCC 12-150), the Healthcare Connect Fund ("HCF") is a Universal Service Fund ("USF") program, authorized by Congress and administered by the Universal Service Administration Company ("USAC"). This Request for Proposal ("RFP") seeks services to be provided pursuant to the HCF.
- b. The nonprofit PMMA Consortium joins together various network opportunities to healthcare providers in Kansas and Missouri. The PMMA Consortium provides their facilities with an integrated data network connecting acute-care hospitals, surgery centers, dialysis centers, clinical facilities, skilled nursing facilities, rehabilitation facilities, administration, and data centers into one cohesive system.
- c. PMMA Consortium is comprised of both rural and urban locations, which allows the consortium to meet the needs of patients at any location within the network, even if those patients have to travel to an urban location for specialized care.
- d. PMMA Consortium is focused on providing a rigid network for telemedicine, which promotes the immediate and accurate diagnosis for patients in rural areas, as well as their treatment.
- e. The urgency of treatment necessitates that PMMA Consortium maintain the highest quality and reliability of data and networking services available. It is anticipated that the PMMA Consortium will continue to expand as new opportunities in the associated areas become available.

- f. The Consortium will take into consideration incumbent service provider's early termination fees for any services and/or equipment that are under a contract, which new services and/or equipment would replace (if any).
 - i. Bid submissions must address reimbursement of any and all early termination fees (including, but not limited to, services and equipment) incurred due to any potential change of service providers. Any agreement submitted in the bid proposal must include the vendor's intention to reimburse any and all existing service provider's early termination fees incurred by accepting a bid as well as the bidding vendor's early termination fee policy.

 - k. Any and all costs (monthly or annual) associated with network maintenance and/or technical support must be included in the bid submission.
 - i. Failure to estimate any potential costs associated with maintenance and/or technical support will serve as an acknowledgement that no such costs will be incurred.
